

## **PRESS RELEASE**

### **Special CP/Traffic Reviews Traffic Situation at Modi Mill-Kalkaji Corridor; Directs Immediate Measures for Smooth Traffic Movement**

Sh. Ajay Choudhary, Special Commissioner of Police (Traffic), Delhi inspected the ongoing PWD flyover construction work between Modi Mill Flyover and Kalkaji and reviewed the prevailing traffic situation in the area.

During the visit, the Special CP/Traffic alongwith Sh. Sandeep Gupta, DCP/T/SR, ACP/Traffic/South-East, TI/Kalkaji and other concerned officials of PWD held an interaction with representatives of the **Okhla Industrial Estate Association, Okhla Phase-3** to discuss their traffic-related concerns and suggestions.

The representatives of the Association highlighted various issues relating to traffic congestion and movement in the area, particularly in view of the ongoing construction work. The concerns and suggestions put forth during the interaction were discussed in detail and necessary directions were issued to the concerned traffic staff to ensure effective traffic management and minimize inconvenience to commuters.

The Special CP/Traffic also directed the PWD officials and the construction agency to take immediate corrective measures including deployment of additional traffic marshals to regulate the traffic and suggested to occupy minimum road passage during construction work.

Further, directions were issued for the deployment of additional traffic personnel at location to regulate traffic, manage congestion and facilitate the smooth and uninterrupted movement of commuters.

Delhi Traffic Police remains committed to coordinated traffic management and continuous engagement with stakeholders to address traffic-related concerns and ensure safe and smooth movement of road users.
