

PRESS RELEASE
Delhi Traffic Police,
Northern Range

14 September 2026

Subject: Multiple Traffic Pathshala Held by Northern Range Traffic Team.

Northern Range Traffic Police conducted an extensive Road Safety and Traffic Awareness Programs across the range during the last one week under the supervision and directions of Dr. Sachin Kumar Singhal, IPS, DCP Traffic Northern Range.

As part of the initiative, **34** Traffic Pathshala and awareness sessions were conducted, sensitizing **826** persons on responsible road-user behavior, adherence to traffic rules, helmet use, lane discipline and the dangers of wrong-side driving and triple riding.

The sessions focused on promoting safe and disciplined road-user behavior and creating greater awareness about the importance of following traffic rules. Road users were also encouraged to adopt responsible driving practices and contribute towards reducing traffic violations and road crashes.

The initiative reinforced the message that road safety is a shared responsibility and that sustained awareness among all categories of road users is essential for creating safer roads.

Northern Range Traffic Police remains committed to strengthening road safety awareness and promoting responsible road-user behavior through continuous public outreach and enforcement initiatives.
