

PRESS RELEASE

DELHI TRAFFIC POLICE INTENSIFIES EFFORTS FOR SMOOTHER TRAFFIC MOVEMENT

Delhi Traffic Police has undertaken several initiatives to reduce traffic-related issues and ensure seamless traffic movement. These initiatives have been taken up under the guidance of the Hon'ble LG, Delhi, and the leadership of CP, Delhi. These efforts, whether through removal of encroachments, Traffic Sangam engaging RWAs/MWAs, or Traffic Pathshala to reward rule-followers and penalise violators, have brought about visible changes on the roads.

As part of its ongoing efforts to ensure smooth traffic movement and curb encroachments, Delhi Traffic Police conducted 5,399 special encroachment/congestion removal drives across all ranges from 1st January to 15th September, 2026. During these drives, 30,040 rehri-patri were removed and 3,83,590 prosecutions for improper parking were undertaken through Challans and VoCAs.

During the current special drive conducted from 1st to 15th September 2026 alone, 170 drives were conducted, resulting in the removal of 1,477 rehri-patri and 8,567 prosecutions for improper parking.

Under *Project Sangam, Delhi Traffic Police has undertaken regular community engagement from 5th April to 17th September 2026 to strengthen coordination with residents and address local traffic-related concerns. During this period, 683 meetings were held with RWAs and MWAs, wherein 569 suggestions were received. Out of these, 462 suggestions were acted upon, while 107 were referred to other concerned agencies for necessary action. In addition, 20 joint patrolling initiatives were conducted to enhance coordination and improve traffic management at the local level.

Under the *Traffic Pathshala initiative, Delhi Traffic Police conducted 1,399 intersection drives across all ranges from 8th July to 17th September 2026, focusing on road-safety awareness and compliance. During these drives, 4,375 wrong-side driving, 1,884 red-light jumping, 3,263 triple-riding and 11,151 helmet-related violations were observed, along with 12,390 other violations. In addition, 1,679 awareness sessions were conducted, covering 29,665j persons, while 3,741 persons were rewarded for demonstrating responsible road-user behaviour. Delhi Traffic Police is committed towards making Delhi roads safer, smoother, and more responsive to the needs of all road users. By combining education, enforcement, engineering and active citizen participation, Delhi Traffic Police is confident of building a safer, more disciplined and efficient road and traffic environment in Delhi.
