

**RE-LAUNCH OF “TRAFFIC SENTINEL” MOBILE APP**

Delhi Police today re-launched Traffic Sentinel Mobile app under **Traffic Sentinel Scheme** for general public. This app was launched initially on 3.12.2015. It enables citizens to report certain identified traffic violations to Delhi Traffic Police. On the bases of discussion held with Traffic Sentinels and feedback received from time to time, Delhi Traffic Police has redeveloped the Traffic Sentinel Mobile Application with new added features.

**Spl. Commissioner of Police/Traffic, Delhi Sh. Ajay Kashyap** apprised that this is an empowering tool in the hands of the common citizen who get a platform to report traffic offences. The mode of reporting the traffic offence would be through the application on the phone which can be downloaded from play store.
