

9

CHAPTER

CHALLANS AND
PROSECUTION STATISTICS**Enforcement of traffic laws:**

If traffic laws on drunk-driving, seat-belt wearing, speed limits, helmets, and child restraints are not enforced, they cannot bring about the expected reduction in road traffic fatalities and injuries related to specific behaviors. Thus, if traffic laws are not enforced or are perceived as not being enforced, it is likely they will not be complied with, and therefore, will have very little chance of influencing behavior.

Effective enforcement includes establishing, regularly updating, and enforcing laws at the national, municipal, and local levels that address the previously discussed (Chapter-8) risk factors. It also includes the definition of appropriate penalties.

Enforcement is vital to the success of road safety laws. Effective enforcement is the key deterrent factor in ensuring road discipline and also increasing public awareness. During the year 2018, the strategies for prosecution of errant road users were pro-actively made to create deterrence among violators thereby reducing the number of accidents.

- Emphasis was also given on selective quality prosecution to maximize the positive impact of enforcement on road discipline.
- In the year 2018, a total of 67,04,560 challans (63,40,542 compound and 3,64,018 court) were issued from which a total amount of Rs. 1,09,82,07,500/- was realised as compounding amount (challan amount).
- The prosecution includes **spot challans by traffic circle** (field) staff, notices issued on the **complaints received from facebook or through traffic helpline, Traffic Sentinel and interceptors** (Table 9.1). The amount mentioned in the table excludes the

amount collected through fines imposed by the courts for all court challans.

- A vehicle violating traffic rule may not be intercepted at the spot, in some instances. **These violations are photographed/ video graphed by the police staff** as well as general public and later are sent to the centralized Notice Branch of Traffic Police. These violations are scanned, edited, processed and uploaded in the centralized computer of Computer Centre of Traffic Police.
- **Notice U/S 133 M.V. Act are generated and issued to the violators /owners of these vehicles** requiring them to pay the amount of challan for the violation reported.
- Comparatively in the year 2017, total number of challans was 62,87,486 while the total compounding amount was Rs. 98,56,71,300/- (Table 9.2). This table also provides the figures of total challans and amount collected during previous years.
- Table No. 9.3 provides the details of year-wise challans of various traffic offences committed by all vehicles. **Maximum challans i.e. 12,37,745 had been issued for 'Without helmet'** in the year 2018.
- Table No. 9.4 shows the year wise prosecution of various types of vehicles. In the year 2018, **maximum challans viz. 28,48,956 were issued against two wheelers followed by Cars (12,31,757), LGVs/MMVs (10,81,822) and HTVs (4,18,733).**
- Table No. 9.5 gives the detailed figures of challans issued in 2018 against different types of vehicles under different offences.
- Table No. 9.6 provides the Traffic Circle –wise figures of cash and court challans, their total and amount collected by Traffic Police in the year 2018.

TABLE- 9.1
TOTAL COMPOUNDING AMOUNT (2017-2018)

YEAR.	PARTICULARS	FROM TRAFFIC CIRCLE	FROM NOTICE BRANCH	TOTAL AMOUNT
2018	COMPOUNDING AMOUNT	1,09,82,07,500	1,09,44,100	1,10,91,51,600
2017	COMPOUNDING AMOUNT	98,56,71,300	97,01,300	99,53,72,600

TABLE - 9.2
TOTAL CHALLANS AND COMPOUNDING AMOUNT

YEAR	TOTAL CHALLAN	TOTAL COMPOUNDING AMOUNT
1991	1,418,858	Rs. 68,775,881/-
1992	1,416,646	Rs. 91,278,306/-
1993	1,447,854	Rs. 113,344,844/-

Vehicles impounded and drivers arrested:

- A total of **6,731 drivers** were arrested in the year 2018 and **53,428 vehicles** were impounded. The maximum number of drivers who were arrested were scooters/motor cycle riders and Car drivers for various traffic violations. In the vehicles impounded category, maximum scooters/motor cycles, TSRs and Cars had been impounded.
- Majority of those arrested (4 wheeler and 2-wheeler drivers) were under the head of 'drunken driving' which is one of the major cause of accidents. Out of 39,240 challans for drunken driving in the year 2018, a whopping, 87.4 % were against car/jeep drivers and scooter/motor cycle riders (Table No. 9.5). This data supports the argument that the menace of drunken driving has spread in the cross section of the society at alarming levels.

- In the year 2018, cars/taxis were involved in committing 253 fatal accidents (15.3%). Though **two wheeler riders were responsible for 10.3% fatal accidents but as victims they were high on the list (33.7%) after pedestrians (45.9%)** (Chapter 3 and 4).

'Chase and Challan' by Traffic Police motor cycle riders:

- Designated traffic motor cycles chase fleeing violators, intercept and challan them. The basic aim of this scheme is to bring about road discipline thereby

reducing the number of accidents.

- During the year 2018, **5,62,383 challans were issued by these traffic motor cycles** (Table No. 9.8).
- Here also, **scooter/motor cycle riders topped the list of those prosecuted (60%) followed by car/jeep drivers (19.75%)**. These two categories together make 80% of total prosecution by Traffic Police motor cycles. These figures may also be compared with the figures of total prosecution given at Table No. 9.4.

Traffic Sentinel Scheme

- Delhi Police launched a new scheme named **Traffic Sentinel** Scheme in 2015 for general public. **This is a participative scheme and aims to improve public participation in reporting certain specified violations to traffic police.**
- This scheme empowers citizens by **providing an easy to use platform to report certain specified offences to Traffic Police.**
- 12 types of traffic violations are reported through the “Traffic Sentinel” Scheme. Sentinels earn credit points for each violation reported. Driving against the flow of Traffic, Yellow Line Violation, Parking on Footpath, Triple Riding, Defective Number Plate, Without Seat Belt, Without Helmet Rider/Pillion Rider, Stop Line Violation, Red Light Jumping, Dangerous/Zig Zag Driving and Using Mobile Phone while Driving constitute such violations.
- The Traffic Sentinel Scheme is accessible through the existing “Delhi Police...One Touch Away” App on Android and “Delhi Traffic Police” App on iOS platforms.
- The scheme was revamped and re-launched with new features and capabilities in 2017.

Traffic police and Road Safety:

The huge figure of fatal as well as non-fatal accidents and prosecution underline the poor behaviour of road users. However, **Traffic Police is not only prosecuting the traffic rule violators but simultaneously promoting road safety education specially in schools, amongst commercial drivers and DTC drivers, giving wide media publicity to educate the public of the consequences of rule violations, forming Road Safety Clubs, launching public outreach through social media ‘Facebook’, ‘Twitter’ and ‘WhatsApp’ etc.**

ROAD SAFETY CELL:

The educational wing of Delhi Traffic Police was formed in the year 1972 with a view to educate road users regarding the proper and safe use of road and transportation and to develop human resources responsive to public and are technically competent.

- Since the inception of Road Safety Cell, it has been working untiringly to enhance the awareness of road users to cope with various problems related to road and transportation i.e., traffic congestion, accidents, increased travel time, etc. through various initiatives such as
 - (i) Road Safety March

- (ii) Street plays
- (iii) Painting/Quiz/Essay Competitions.
- (iv) Health Check –up Camps for drivers including commercial drivers.
- (v) Designing of Road Safety literature.
- (vi) Educating motorists, pedestrians at intersections by displaying mobile exhibition vans, distributing road safety literature and making announcement through PA system.
- (vii) Workshops and seminars for **teachers** or representatives from school who in turn teach students.
- (viii) Workshops on safe and defensive driving for **school bus drivers**.
- **Traffic Training Parks** have been established with a view to impart practical education to different categories of road users including school children. These parks simulate actual road conditions; have miniature road signs and vehicles to teach children proper methods to remain safe while on roads.
 1. T.T.Park Punjabi Bagh
 2. T.T.Park Roshanara Bagh
 3. T.T.Park B.K.S Marg
 4. T.T.Park Bal Bhawan
- In addition to school children, Road Safety Cell organizes regular road safety awareness programmes/workshops for other categories of road users such as commercial vehicle drivers, cyclists, two-wheeler drivers, drivers of private four-wheeler vehicles, drivers of govt. organizations, slum/rural dwellers who are more ignorant and easy victims of road related disasters.
- **Mode of Education:** Various methodologies have been adopted to impart road safety education to various categories of road users.
 - (i) Lectures/interactive sessions
 - (ii) Workshops
 - (iii) Competitions based on road safety related topics for school children such as essay, debate, painting, quiz, slogan writing, nukkar natak, innovation with waste material, etc.
 - (iv) Film Shows
 - (v) Exhibitions
 - (vi) Distribution of Road Safety Literature
 - (vii) Road Safety march/rallies
 - (viii) Fixing of Reflective tapes on cycles
