

⇒ Never cross a road at a corner, as the motorist taking the turn will not be able to see you on time.

⇒ Running across the road is a bad idea, as you may slip and fall.

### Going By Bus

⇒ Leave home well in time, so that you won't have to run to catch the bus.

⇒ At bus stand, always follow queue. Board the bus only after it has come to proper stop, without rushing in or pushing others.

⇒ Do not board or alight at a bus stop other than those decided by the school. Never board and alight at a red light crossing or unauthorized bus stop.

⇒ Do not sit stand or travel on the foot board of the bus.

⇒ Do not put any part of your body outside a moving or stationary bus.

⇒ Always hold onto the hand-rail if standing in a moving bus, especially on sharp turns.

⇒ Always adhere to the bus safety rules.

⇒ While in the bus, shouting or making noise is definitely bad manners. Such behavior can also distract the driver.

Dear Children,

Every day you go to the school to gain knowledge. But it is also important that you take care of yourself while on your way to school and back. Keep in mind the following safety rules and use them without fail.

### Walking To School

- ⇒ Always walk on the footpath only. On roads with-out foot path,walk on the extreme right hand side of the roads. Do not be impatient on the road. Do not rush or run on the road.
- ⇒ Cross only at zebra crossings, traffic signals, sub-ways, foot-overbridges.
- ⇒ Where such facilities do not exist, look for a safe place to cross.
- ⇒ At the signal light, cross only on a clear signal If an inter section is controlled by a policeman,traffic warden or RSP cadet, cross only when he signals you to do so.
- ⇒ When crossing between vehicles parked on the side of the road remember that you are not visible to the moving traffic (because the parked vehicles may be higher than you).

- ⇒ Stop as you appear from behind the vehicle and look for a safe gap before crossing. Remember, drivers need plenty of time to see you and to slow down and stop the vehicle.
- ⇒ While crossing wide roads that have central islands, always cross to the central island,stop and cross when the next section is clear.
- ⇒ While crossing one-way streets, remember that the traffic will usually be moving in a number of lanes and at high speeds.
- ⇒ Do not cross unless all lanes are clear.
